 Project Completed: 2004

HISTORY

Mussell Construction, Inc. has been in existence since 1996. The company is owned and operated by long time Nampa residents, Mike and Patty Mussell.

In the company's beginning, it contracted custom presold homes. Since then Mussell Construction has grown significantly, staffing project coordinators, superintendents, specialty carpenters, and office support. The company now contracts a larger variety of projects including large and small commercial projects while continuing to contract custom homes.
